- 27. - 29.11.2023
- Mannheim

Distribution list

- Licence Managers
- Business Development Managers
- Controllers
- Managing Directors

Concept & Content

The perfect Term Sheet 27. – 29. November 2023

For the seventh time now, the Pharma-Lizenz-Club Deutschland (PLCD) will be hosting the interactive case study seminar with the title "The perfect term sheet". The objective of the seminar is to simulate one of the most important situations in the negotiation process, using a case study to make the exercise as realistic as possible. Once the results of a due diligence investigation have become available and a financial evaluation of the value of the project has been carried out, the course participants, who will be divided into smaller sub-groups, will be asked to produce a concrete bid in the form of a term sheet. The goal will be to make a convincing enough case for the licensing partner to progress into the next round of negotiations, whilst at the same time staying true to the priorities of their own management. At the end of the exercise, one of the groups will be chosen by our resident experts as winner.

The seminar is intended to help you and your organization

- to develop the structure and content of your first proposed term sheet
- to simulate critical questions in the development of a negotiation strategy
- to understand the conflict between the interests of your partner and your own interests, and to address this in the term sheet
- to establish a common position within your own negotiating team
- to understand the importance of alternative approaches to the financial package
- to master the dynamics of the negotiation situation

The seminar is aimed at employees from the pharmaceutical industry and the biotechnology sector who are either new to working in the area of Business Development or who advanced but would like to polish up their skills.

We have been able to attract some very experienced speakers, as well as a group of experts to address specific questions. All speakers and experts will take over realistic roles in the negotiation process and its preparation.

The presentations and the case study exercise will all be carried out in English. The seminar will be held in Mannheim. Attached you will find an overview of the programme for the seminar, as well as a registration form. Please note that the number of persons taking part in the seminar is restricted to 16 in order to facilitate efficient group work.

Programme

The perfect Term Sheet 27. – 29. November 2023

Testimonials & Comments

Former participants gave us the following feedback:

"Very relevant to actual practice for Business Developers!"

"Excellent mixture of theory and practice. The case study gives you the chance to directly implement the things you have learned in a 'hands on' way."

"You learn here what you need for success apart from Excel."

"Outstanding case study, which perfectly simulated the complexity of BD deals. A MUST, and not only for all those who are new to BD."

"A very successful, interesting and above all interactive event."

"Very intensive seminar, practice-oriented and very varied content."

"Excellent mixture of presentations and practical exercises on BD!"

"Highly practice-oriented!"

"A very interesting and informative seminar covering the whole process of drawing up term sheets."

"A very successful, informative, interactive event which is also very well-suited to beginners in this area!"
